

RESOLUTION NO. 20060622-077

WHEREAS, the mission of Austin Water Utility is to provide effective management of our water resources for the community in order to protect the public health and environment; and

WHEREAS, the City of Austin recognizes that effective management of our water resources must include conserving the use of our available water resources; and

WHEREAS, effective management of our water resources must also include clear and measurable water optimization goals and objectives;

NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

The City Manager is directed to begin immediate implementation of aggressive water conservation measures, setting a goal to reduce peak day usage by one percent per year for 10 years and reporting to Council with first year results at the end of Fiscal Year 2008.
